Sponsors

In order to achieve our goals in 2017, Team Oscar Racing is looking for sponsorship and advertisers for the new season. A primary sponsor is always being sought. But the emphasis for our team is that we hope that anyone and everyone will get involved in achieving our ambitions for 2017.

"But what do I get out of it?" we hear you say! We have always maintained that the "Team" part of Team Oscar Racing is all about the people involved. Helping a small team like us makes **you** part of our team. The tremendous feeling of knowing that you paid for that back tyre or chain or race entry fee, that helped us take one step further to the dream by keeping us on the track. Why not come to the race paddock enjoy our hospitality and have a chat with the team and cheer us on during a race, experience it first hand rather than just on the television.

Below we have listed some of the items we need to purchase for to the racing season in 2017. These are part our running costs and do not represent anything like the total cost of the year. If you can help in any way, no matter how big or small, please contact us now.
